

Labour agreement rejected by workers of Volkswagen Autoeuropa

After the management and the workers council of Volkswagen Autoeuropa restarted the negotiations with the goal to implementing new solutions of labour flexibility to reinforce the competitiveness of the plant, the employees of Autoeuropa pronounced themselves, yesterday, along the day, voting against the pre-agreement achieved.

In a total 3 040 workers subscribed 2 668, according the following result:

1 381 – No – 51,76%
1 252 – Yes – 46,93%
28 – White – 1,05%
7 – Nule – 0,26%

The management of Volkswagen Autoeuropa will keep trying to offer to its employees the best possible conditions concerning the highly competitiveness frame that characterizes the dispute between all the plants of the group for the production of new models, assuring the future of the company.

So, the management soon will state the measures to face the fluctuations of the market in the most competitive way.
